Maths Task

English Task

GET ARTY!

Your challenge:

- Your challenge is to create a piece of art that contains at least 6 obtuse angles, 4 acute angles and 5 right angles.

The one thing to consider:

1. You can create your artwork using any type of materials you like – you could create a collage, paint, colour or do anything else – it's up to you.

Remember to take part in the Sumdog competition as well.

Reading

Listen to Oti Mabuse reading extracts from [The London Eye Mystery here](#).

Ted struggles to understand what idioms are in Extract 2. Idioms are expressions that can't be understood from the ordinary words in it. The following idioms are included in this extract - something is up your street, drives him bananas, round the bend and off your trolley. Can you explain what these idioms actually mean?

- something is up your street
- drives him bananas
- round the bend
- off your trolley

Can you now think of 5 more idioms and explain their meaning.

Challenge – put these idioms into sentences. You might need to add more sentences before and after it so it makes sense.

Remember to take part in the Spelling Shed competition.
