My Space Journey

12 Today was the most exciting day of my life! I was finally
 21 able to fulfil my ambition of travelling into space.
 32 Despite having dreamed of this since I was a young girl,
 39 and having completed extensive training, the actual
 48 journey was much more arduous and taxing than I'd
 50 ever expected.
 63 The 4G force pushing on my chest as we took off felt like
 74 ten elephants were sitting on me, and the wave of nausea
 84 was a tsunami! I managed to distract myself with the
 95 view out of the window and suddenly we were in orbit;
 106 my body felt like a feather floating gently on the breeze
 114 but the pressure in my head felt like
 119 a sledgehammer was hitting it.
 127 It was a day of contrasts but I
 130 wouldn't change it!
