Creating a toolkit for suspense

Before we start thinking about our own ideas for our story, we need to look closely at the text and see what writing tools/tips/tricks the authors has used to create suspense. You may know some of your own too.

★ This focusses just on the dilemma paragraph to see what tools you could use to create suspense or a threatening mood

Now have a go yourself at seeing if you can spot any of these tools again in the next paragraph – the resolution one. There may be some additional ones – see if you can spot them.
