

All square

On each of these grids, the counters lie at the four corners of a square.

What is the greatest number of counters you can place on this grid without four of them lying at the corners of a square?

Reading

Watch this lesson from [BBC Bitesize](#).

Read or watch both extracts.

The writer explores the friendship between Safiya and Elle in both extracts.

As the reader, we observe this friendship from the perspective of Safiya. Each extract depicts a different angle on their friendship.

Summarise the friendship in each extract.

You might want to record your thoughts in a table.

| | Extract 1 | Extract 2 |
|--------------------------------------|-----------|-----------|
| Impression or evidence of friendship | | |
