e)   $= 1.03 \times 100$

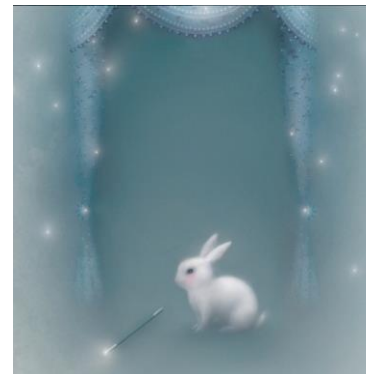

c)  $0.415 \times 1,000 =$

f)  $30.44 =$    $\times 10$

Complete the diagrams.

## Creative Writing

How does this picture make you feel? Why?  
 Why are white rabbits associated with magic?  
 Can this rabbit perform magic tricks?  
 Is it a magician?

Write a story from the rabbit's perspective. You could use this as your starting point:

*Ladies, gentlemen, boys and girls,  
 Welcome to the show,  
 Where you will see such sights that you'll be certain your eyes deceive  
 you.*

*But first, if you'll allow me, I shall tell you my tale.  
 It is a tale of surprise, of daring, of wonder,  
 And – most of all – of finding magic where you least expect it.  
 For I am not the assistant.  
 I am not the trick.  
**I am the magician.***
