

Join any four numbers.

Find their total.

Joins can go up, down or sideways, but not diagonally.

The score shown is $8 + 15 + 6 + 18 = 47$.

Find the highest possible score.

Find the lowest possible score.

Try joining five numbers.

Now try joining five numbers using only diagonal joins.

Writing

Watch [this lesson](#).

Write a setting description for this photo. Think about the context of the description. Is the description part of a funny story or an adventure story? Using the advice from the BBC lesson, think about how this will change your word choice.

Reading

Using the book you are currently reading (or hastily reading one if you are not currently reading because you should be currently reading something), tell me what you like about it and what you dislike about it.

Sumdog Grammar competition – get involved in this competition running today 8am – 6pm.

Complete the daily Sumdog competition

FINISHED? Tell us [HERE!](#)

Remember to visit our Website to find all of the other learning activities to choose from today!
Don't forget you can email ParentSupport@orchard.emat.uk to ask for help, whatever you need!

Complete in the daily spelling league
