|  | <u>Monday</u>   | <u>Tuesday</u>  | <u>Wednesday</u>                              | <u>Thursday</u>                                | <u>Friday</u>                             |
| <b>Maths<br/>Multiplication &amp; Division</b>               | <u>Looking at multiplication strategies and the effect on the product</u> | <u>Multiplying numbers by 10 and 100</u>                          | <u>Linking place value and multiplication</u> | <u>Dividing by 10 using place value</u>        | <u>Multiplying and dividing by 100</u>    |

### Science

Lesson question: How can we see a magnetic field?

- Describe how field lines help us to understand the effect of an invisible force
  - Describe how field lines around a magnet can be mapped out
- Use a diagram of field lines to see where the force will be strongest and where it will be weakest

### Geography

What is the earth made of?

- Examine the structure of the earth and what the earth is made of
  - Explore where volcanoes and earthquakes occur and why
